*from US & Imported Components*

# The power of productivity.

The Modula VC is our leading edge vertical carousel storage and retrieval system that maximizes space utilization, efficiency and productivity in all types of applications. The Modula VC consists of carriers that rotate vertically and deliver stored goods to the operator at an ergonomic height. Our vertical carousel is the perfect solution for a variety of storage needs such as tooling, document filing, and industrial hardware all with these common goals: increasing productivity, saving space, and improving ergonomics.

## Before Modula

## After

## Increase Productivity

Up **65%**  
To

1. RECOVER SPACE

2. INCREASE SECURITY

3. SAVE TIME

4. IMPROVE ACCURACY

5. REDUCE RISKS

6. BOOST INVENTORY  
MANAGEMENT

PRE-COATED EXTERIOR PANELS FOR DURABILITY & PROTECTION

MAXIMUM  
UNBALANCE LOAD  
SENSING

STEEL INTERNAL  
FRAME STRUCTURE

OPERATOR SAFETY  
LIGHT CURTAINS

LOCKING BI-PARTING  
DOOR

EASY TO USE  
SOFTWARE INTERFACE

## Technical highlights

Unit heights: from 6'-9" to 23'-6"

Carrier widths: from 86.9" to 111.9"

Carrier depths: 16.3" to 24.2"

Carrier pitches: 10.5" to 20.0"

Carrier load capacities: 387 lbs to 1,102 lbs

Net unit load capacity: 2,800 lbs, 7,000 and 12,000 lbs

Operator interface: rugged 10.4" color touchscreen operator control console

Steel internal frame structure

Bolted carrier design for quick installation and removal for maintainance

Maximum unbalance load sensing - out of balance conditions are automatically detected

Dual E-stop push buttons provides easy access to safety stops if required

Locking bi-parting door for product safety and protection

Safety light curtains within the operator access opening protect users from machine movement

Modula is present in 5 continents with dealers and branches located in over 30 countries.
